Reflective Adhesive Vinyl

Custom-size artwork guide

Enter your finished dimensions on the product page.

Download the exact-size PDF template.

Build artwork at the ordered size. Do not add bleed.

Maximum 48 x 1200 inches, in either orientation.

Enter inches with up to two decimal places.

4 mil engineer-grade reflective vinyl; permanent adhesive.

One-sided UV color printing. No lamination.

Apply to a clean, smooth, flat surface.

The decal is supplied without a rigid sign panel.

One single-page PDF or JPEG; CMYK, 150 PPI.

Outline fonts and convert spot colors to CMYK.

Remove all template text, guides and crop marks.

Extend backgrounds to every edge.

The green line is a suggested inset, not added bleed.

Final printing, availability and actual shipping are reviewed.
